Office of Congressional Affairs
FROM: [redacted] 25X1
C/MSRB/CRD
SUBJECT: Review of WW II Library of Congress Documents
REFERENCE: OCA 86-1754

1. We reviewed the attached sampling of WW II Library of Congress documents.

25X1

2. Other than passing references to procuring material for OSS, we found no CIA/OSS equities in this sampling of material, and we have no objection to its declassification. We would be glad to review the [redacted] reports for possible OSS information that may be classified, including names of OSS personnel that have not been acknowledged.

25X1

3. Most references to secret work involve the Military Information Division (MID). From a general intelligence viewpoint we do not believe that any of the references require continued protection, but we would defer to the Department of Defense on this.
